**Unit Check-In:** Packets can be picked up at check in, which will be at the end of the entrance to the school. Per 2019 CBA policy, anyone entering the field with the band must have either a CBA Director/Staff pass or a performance-specific Field Pass wristband, this includes all pit and prop volunteers. Field Pass wristbands will be used for the Show performances in the evening. The CBA-prescribed number of wristbands (30) will be provided in the Director's Packet upon check-in. It is the Director's responsibility to get these wristbands to their volunteers prior to lining up at the field entrance. Additional Field Pass wristbands will NOT be provided. These wristbands grant access to the field only for your band's performance, wristbands do not provide entrance into the stadium. There will be separate wristbands, allocated at a rate of 1 per 12 performers, for chaperones to enter the spectator area. These will not allow access to the field level.

**Staff Passes:** We will honor 2019 CBA passes. We will also accept 2019-2020 CHSAA Passes for School District Staff.

**Video:** We will record your group's performance and provide you with an SD card copy. Please be aware this will not be done by a professional company, though we will do everything we can to ensure a quality recording is made.

**Clinic** – Water jugs will be provided at each clinic site. Please have your students/staff provide their own water bottles for the clinic portion so that they can fill them. Cups and trash cans will not be provided at clinic areas, so please ensure your groups are cleaning up after themselves. There will be power at all clinic sites.

**Performance Retreat:** Drum Majors will report to the Southwest corner of the track for retreat following the performance portion. There will not be placement trophies given, just participation plaques. If you need to depart early for any reason, please let me know ahead of time and I will have your plaque for you following your clinic portion.

**Judges Sheets:** Judges' commentary will be available online. Commentary will be available through DropBox – Please ensure that you have your information to access your account. Only recaps will be put into awards packets, not the individual judging sheets.

**Getting on the Field (Performance):** Pit and props will get on the field utilizing the outside four lanes of the track (5-8). Bands will load onto the track before the field to allow exiting bands room to leave.

**Getting off the Field (Performance):** Following the performance, band will exit in the inside lanes (1-4) of the track, exiting out the way they came. Please see the map for flow chart.

**Restrooms:** Spectator restrooms are located under the press box in the stadium. Additional restrooms are available on the Southeast side of the track. They are located on either side of the brick building.

**Band Eating Area:** If you would like to feed your band, please utilize **ONLY** the grass field on the west side of the stadium parking lot.
